MEMORANDUM FOR: Chief of Operations
Personnel Security and Investigations

FROM:
Security Analysis Group

SUBJECT: Dissemination of CIA-Produced
Intelligence and Information and Related
Regulatory Issuances

1. The Regulations Control Branch, ISAS, DDA, has requested that interested Agency components review certain regulatory issuances in order to determine if these require updating and reissue. The regulations in question are:

Although practically all of these regulations have some security impact and in some instances call for certain coordination with the Office of Security, there does not appear to be any requirement, at least insofar as PSI is concerned, to initiate any action regarding the republishing of these regulations.
